

Prep 1 – Piaget’s theory of cognitive development

1. Using the information pack explain all of the following IMPORTANT key terms in your own words. This will not be a single sentence for most of these terms. If done well this first task will take you at least 20 mins.
 - Schema
 - Assimilation
 - Accommodation
 - Equilibration
 - Disequilibrium
2. Create a flow diagram that shows how a schema is created and updated
3. Watch this clip <https://www.youtube.com/watch?v=EYbCE1udazw> or follow this QR code

From the clip explain how a child’s schema for shapes is developed through accommodation and assimilation.
